
Allyum Advises Nexis' Shareholders on the sale to Trustteam

Press Release - Brussels, July 7th 2020

Allyum, the Belgian corporate finance advisor dedicated to midcap companies, announced the closing of the sale of Nexis to Trustteam, both Belgium based companies.

Since its foundation in 1992 by Thierry Bouhoulle and José Van Den Bossche, Nexis has developed a strong expertise in the sale and support of complete IT infrastructures. Over the years, Nexis client base continuously grew, including renowned companies, such as IBA, Mithra and AG Real Estate. Together with its clients, Nexis analyses, designs, integrates and supports complete IT solutions. Today, the Belgian company employs 32 headcounts and has its offices in Wavre. Nexis mandated Allyum to look for a partner in order to consolidate its product offer and client base across Belgium.

Allyum found the best suited partner in Trustteam, which counts approximately 200 employees spread across Flanders and France. This transaction allows Trustteam to extend its footprint in Belgium. Moreover, thanks to its two Data Centers and its own VOIP platform, Trustteam represents a significant added value for all Nexis customers.

Thierry Bouhoulle, founder of Nexis and current CEO said: "*Allyum has been decisive in identifying the best partner for Nexis as well as cutting a win-win deal for all stakeholders. Their deep knowledge of our industry as well as their professionalism in deal structuring has been highly appreciated*".
