

## Allyum advises SBEP on its sale to Forecast Consulting, a subsidiary of the EIF Group

### Press Release - September 9<sup>th</sup> 2025 - Brussels

Allyum, the Belgian M&A financial advisory firm dedicated to medium-sized companies, has been mandated by SBEP (Société Belge d'Exonération de Précompte) to act as exclusive financial advisor in its sale to EIF Expertise.

Born from the merger of three companies specialized in HR and taxation in 2020 and headquartered in Belgium, SBEP (Société Belge d'Exonération de Précompte) is a specialized services company focused on payroll tax optimization. SBEP supports Belgian SMEs and micro-enterprises in reducing labor costs related to withholding tax, and social security contributions. The company has assisted more than 1,600 clients and recovered over €30 million from federal authorities through its risk-free 'no cure, no pay' model. By working closely with social secretariats and accountants, SBEP provides tailored solutions that help companies optimize their payroll and tax structures.

Founded in 1958 and headquartered in Paris, France, EIF Expertise is a specialist in local and urban fiscal advisory, serving businesses, investors, real estate investors, developers, and local authorities. The firm supports clients in forecasting, auditing, and enhancing the value of local and urban taxes and other levies.

For the EIF Group, this acquisition is strategic as it strengthens its presence in Belgium and supports its growth strategy. For Forecast Consulting, it diversifies both its service offering and client base through SBEP's leading SME expertise. The transaction consolidates leadership in payroll tax optimization in Belgium, creates natural synergies, and accelerates long-term development.

SBEP Partners explain: *"We are delighted to join the EIF Group and partner with Forecast Consulting, as this integration creates natural synergies between our expertise with SMEs and very small businesses and their know-how with public and private players. This merger offers a perfect complementarity that will allow us to sustain and develop SBEP while providing our clients with even more comprehensive support in optimizing their tax and social charges."*

In this transaction, Allyum was assisted by JurisNexus (Amaury Kestens) for legal advisory.
